RE: Annual Surety Adjustment, Great Salt Lake Minerals & Chemicals Corporation (GSLM), Little Mountain Plant, M/057/002, Weber County, Utah

Please find attached a revised Reclamation Contract referring to the updated reclamation surety recently provided by GSLM. The surety was increased to reflect escalation only. GSLM has indicated that they are in agreement with this revised contract by providing signed versions of the appropriate signature pages. As suggested in the November 5, 1992, memo (copy attached), this matter is presented here for your approval and subsequent approval by the Board Chairman in lieu of the usual Board presentation.

Please contact me should you have further questions in this regard. Thank you for your time and attention to this matter.
